

MINUTES

LNHS PTSA

December 7, 2016

In Attendance

Stacey Koster, Nannette Rose, Lynn Hegedus, Amy Burke, Nieves Martino, Kristen Arensberg, Brett Fieldman, Lisa Blattner, Robin Holloman, Lucy Lu, Keith Gentle and Angela Sandler

Approval of Minutes from November

Treasurer's Report

Income

36 families have participated in Capital Campaign thus far, with 1425.00 in contributions for the month of November. Cat Shack brought in 1962.00 in sales (Go Football Season!).

Expenses

153.42 in senior project presentation support party, 786.48 in recording room expenses (Mrs. Holloman has them set up and LOVES them) and 1854.17 in restocking the Cat Shack.

Discussion

Since we have less families participating in Capital Campaign, we will need to come up with other sources of funding. Community nights are going to be incorporated, as well as continued support in Camper Raffles and we are looking into the Graduation Yard Sign Sale. Upcoming Community Nights are: Today, Marco's Pizza, Monday the 12th Buffalo Wild Wings and we are working to connect with Chipotle to get a date.

Approval of Expenses: Therapeutic Sensory Swing for Mrs. Wood's classroom to help with the sensory needs of her students, Donation of a gift basket for student needing clothing items from the Cat Shack.

Committees

Hospitality: December 15th Italian Fest, will have ugly sweater contest, selfie station and the sign up genius is coming out this week.

Cat Shack: Cat Shack will continue to have Holiday hours. We are also discussing the idea of creating a club or asking for a current club (FBLA) to help run and volunteer in the Cat Shack to help keep student involvement.

Student Activities: Brett Fieldman attended the first ICC meeting today but no students were able to attend due to the shortened day. She will continue to attend the ICC meetings to see how PTSA can support the students.

Additional Information

- Discussed announcements and their quietness (Mr. Gentle will address)
- Discussed the expense of maintenance to the Auditorium and Stage. This will be addressed by the church using the facility and Mr. Gentle, not for PTSA or Boosters to worry about it.
- We will continue to look into a Sail for the front, since the current one is damaged and no longer functional.
- Next PTSA meeting January 4th
